Central Intelligence Agency,
2430 E Street,
Washington 25, D. C.

Gentlemen:

Reference is made to your letter of February 24, 1950, relative to the claim of the Government against [redacted] N. W., Washington, D. C., for \$109.05, representing the cost to repair the damage to a Government-owned automobile.

It is requested that there be furnished this office a complete citation to the public voucher on which payment was effected, including the D. O. Voucher number and date; the name of the disbursing officer and his symbol number.

If repairs have not been made, show what disposition was made of the automobile.

In the event the automobile was repaired in a Government operated garage, a certified copy of the original job sheet or other record of repair charges, including labor and material, should also be furnished.

Very truly yours,

P. E. SOURS,
Chief of Section.

c/bk
